## A PENNY SAVED!

Sounds small, you say? But is it small? Ask the woman who  
buys the Groceries for the family.We are holding our great list of patrons—and increasing them—  
because we save them the pennies—a penny here, another one there,  
and so on down the long list of articles sold in a Grocery store.By the end of the year, this accumulation of pennies, saved one  
at a time, has doubled and trebled and multiplied until it has reached  
a sum in dollars of surprising proportions.

It pays to trade with us—you save the pennies.

## What Would You Do?

There are many times when  
one man questions another's ac-  
tions and motives. Men act dif-  
ferently under different circum-  
stances. The question is, what  
would you do right now if you  
had a severe cold? Could you do  
better than to take Chamberlain's  
Cough Remedy? It is highly  
recommended by people who  
have used it for years and know  
its value. Mrs. O. E. Sargent,  
Peru, Ind., says: "Chamberlain's  
Cough Remedy is worth its  
weight in gold and I take pleas-  
ure in recommending it." For  
sale by all dealers. adv

Take Hall's Family Pills for  
constipation.—Adv.To the Citizens and the  
Voters of Wright  
CountyTo the Citizens and Voters of  
Wright County:For some time past my name,  
without any suggestion from me,  
has been mentioned as a proba-  
ble candidate on the Progressive  
ticket for presiding judge of the  
county court, and since I have  
concluded to become a candidate  
I have given the duties and re-  
sponsibilities of the office due  
consideration, and I want to as-  
sure the citizens of the county  
that I duly appreciate the honor  
and responsibility of the posi-  
tion and it shall be the height  
of my ambition, if elected, to dis-  
charge the duties of such office  
faithfully, fairly and impartially  
towards all citizens and taxpay-  
ers, regardless of political or re-  
ligious affiliations. In fact, no  
officer should ever permit polit-  
ical or religious matters to inter-  
fere with his official duties.From the limited investigation  
I have given the duties and re-  
sponsibilities of the office in its  
relation to the welfare and up-  
building of the citizens and tax-  
payers of the county, I have  
reached the conclusion that it is  
a court of the greatest import-  
ance to the citizens and taxpay-  
ers and the greatest burden and  
responsibility of the court rests  
on the presiding judge. The  
justices of the county court are  
elected for two years only, while  
the presiding judge is elected  
for four years.The duties of the county court  
(as well as all other officers) are  
well defined by law. It is at the  
head of the county's finances,  
and the presiding judge presides  
over and directs the proceedings  
of the county court. It is the  
auditor of the county, adjusts,  
settles and pays all claims and  
accounts against the county;  
has the management and control  
of all property, real and personal  
belonging to the county; man-  
ages and controls the financial  
affairs of the county, fixes the  
rate of taxation to be levied and  
assessed against the citizen's  
property; the county court, or  
any judge thereof, is prohibited  
from borrowing or using the  
public money for his own use  
and benefit, and from becoming  
a party to or interested in any  
contract to which the county is  
a party or is in anywise inter-  
ested; it is prohibited by law  
from loaning any public money  
to any county official or his  
deputy, accepting such as surety  
on any obligation given to the  
county. This places the county  
court in a position where it  
should have no motive to deal  
unfairly with its fellow officers  
and with the citizens at large.The law requires all officers  
chargeable with public money to  
report to and settle with the  
county court at each stated term  
thereof; pay into the county  
treasury all balances due the  
county within 15 days after such  
settlement. I deem it the duty  
of the presiding judge of the  
court to call every officer to set-  
tlement at each regular term of  
the county court, and if I am  
elected I will endeavor to en-  
force these laws. I have been  
of the opinion for some time,  
and I find a great many others  
with the same view, that the  
taxes of this county are too high  
and ought to be reduced. A few  
years ago the county was in  
debt; its paper at a discount.  
The assessed valuation was then  
much less than it is now, the  
rate of taxation was then only 50  
cents on the \$100 valuation in-  
cluding county and road. A  
county court was elected and  
through proper economy the  
county debt was paid and its  
paper worth its face value and  
remained that way for a time.  
But now, notwithstanding the  
assessed valuation has greatly  
increased, and the rate of tax-  
ation increased, the county is  
again in debt, and county paper  
at a discount. I see no reason  
why by the proper use of econ-  
omy in the administration of the  
county's affairs, the county  
could not be brought out of debt  
and the rate of taxation reduced.If I am elected I promise you  
my very best efforts to accom-  
plish this end, which I feel sat-  
isfied can be done. It is also a  
duty of the presiding judge to  
see that the proper entries of  
record are made by the clerk of  
all proceedings of the court.  
The law specifically provides  
that the substance of all settle-  
ments with county officers shall  
be entered of record so as to  
show the whole amount re-  
ceived by such officer and the  
balance due the state and coun-  
ty. Unless this record is prop-  
erly made the citizen and tax-  
payer has no means of knowing  
the financial condition of the  
county.Respectfully,  
C. M. MITCHELL.

## TO THE CITIZENS OF MANSFIELD

We take pleasure in submitting the results of test made  
of the raw-water ice, manufactured and sold by us:Nitrites..... Small amount  
Chlorine..... Small amount  
Alkalinity..... Small % per million  
Bacteria..... Per cubic centimeter 5  
B. Coli Communis..... Absent

—Test Made By—

Murray C. Stone, M.D., Pathologist, and Harrison Hale, Ph. D.

The above results clearly show the absolute purity of  
the ice manufactured from water taken from our deep well.  
Raw-water ice, while not as clear as distilled water ice, is a  
better product of the two, both from point of durability for  
refrigeration, and for healthfulness.
